Architectural drawings of a building facade section J-P, including elevation, plan, and section views with dimensions.

Elevation View (Top Left): Shows a facade section with a total width of 1760 and a height of 100. The section is divided into two main parts: a left section with a width of 1200 and a right section with a width of 560. The left section features a central rectangular opening with a width of 1800 and a height of 1120. The right section is a solid wall with a thickness of 100.

Plan View (Top Right): Shows the plan view of the facade section, with a total width of 3510 and a height of 2415. The section is divided into two main parts: a left section with a width of 1200 and a right section with a width of 2310. The left section features a central rectangular opening with a width of 1800 and a height of 1120. The right section is a solid wall with a thickness of 100.

Elevation View (Bottom Left): Shows a facade section with a total width of 7000 and a height of 1320. The section is divided into two main parts: a left section with a width of 1260 and a right section with a width of 5740. The left section features a central rectangular opening with a width of 1260 and a height of 1260. The right section is a solid wall with a thickness of 100.

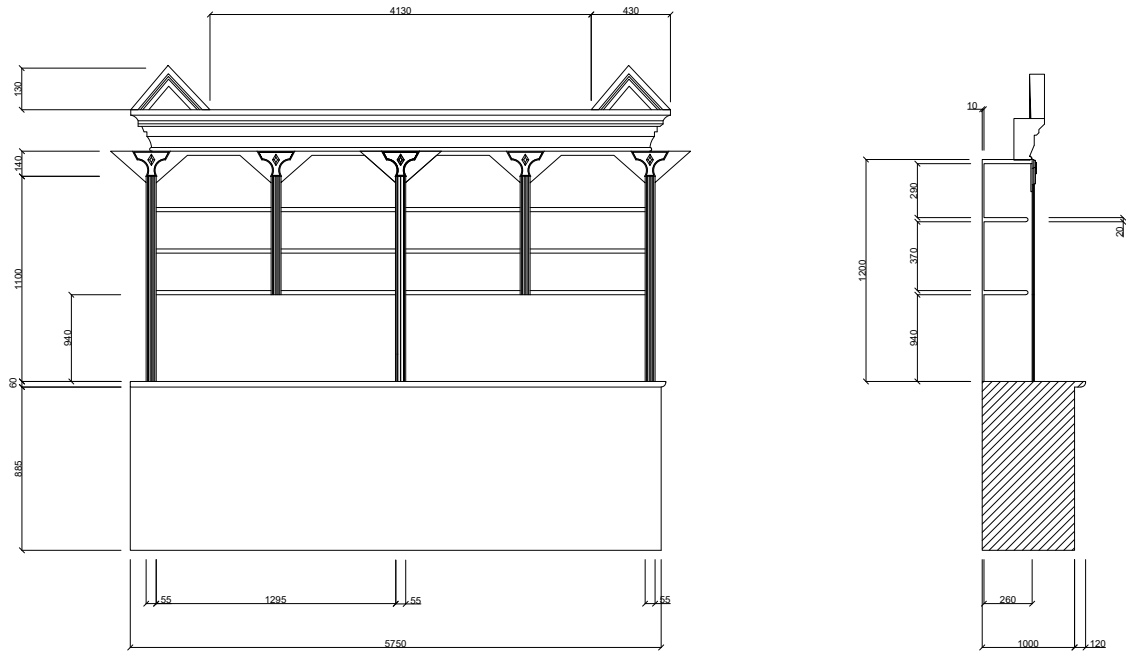

Section View (Bottom Right): Shows a section view of the facade section, with a total width of 2410 and a height of 770. The section is divided into two main parts: a left section with a width of 1260 and a right section with a width of 1150. The left section features a central rectangular opening with a width of 1260 and a height of 1260. The right section is a solid wall with a thickness of 100.
